Coaches are reminded to please be advised that the security code to enter the school is changed at strategic points throughout the year and additionally as needed. This is one of the many efforts we make to ensure the safety and well-being of the children attending and adults working here at St. Mary's. In the past, some children have been allowed to view an authorized adult enter the code and some have reported that they have been given the code. Although this may seem convenient, it really does compromise our efforts. Please be attentive to this.

Coaches are also expected to return the gym key to the school at the conclusion of each sport season.
